

In Local Political Circles.

Politics in this county has not taken on a very lively aspect as yet, although considerable enthusiasm is being developed over the Sheriff's office. There will be eight or nine candidates in the race for this office this summer unless a number of the aspirants change their minds and withdraw before the primary. So far the five most active candidates are W T Wilkins, H U Kinder, W E Brockington, J Y McGill and J H Epps. It is not generally known whether the incumbent, Sheriff George J Graham, will run for the office this summer. He has been Sheriff of Williamsburg county for about fifteen years.

The names of several candidates have been mentioned in connection with the Treasurer's office, and it is more than likely that there will be several candidates in the field to oppose the incumbent, J Wesley Cook. As to the other county offices, Clerk of Court, Auditor, Superintendent of Education, Probate Judge and County Supervisor, so far as can be learned, no one has expressed a determination to enter the race up to this time.

It is rumored that Solicitor Philip H Stoll, of the 3rd circuit, will have opposition in L E Wood, Esq., of Sumter, court stenographer of this circuit.

Regular Meeting of Council.

The town council held its regular monthly meeting Tuesday night. Mayor Scott and the following aldermen were present: Tolley, McIntosh, McGill and Miller.

A number of matters of importance was brought before the body for consideration. Among them was a petition signed by a number of Kingstree citizens asking that the ordinance against the obstruction of streets and sidewalks be amended so as to allow skating on certain sidewalks. LeRoy Lee, Esq., appeared before the Mayor and council in behalf of the petitioners. An ordinance granting permission to skate on certain parts of Academy and Brooks streets was passed and appears in this paper.

A resolution adopted by the Kingstree Club and Library association requesting that certain ordinances be made was favorably considered, and so far as possible the Mayor and members of the council will co-operate with the Civic club in their efforts to make Kingstree a cleaner and more attractive town.

Messrs Thos McCutchen, T E Arrowsmith and J W Gamble, representing the fire department, appeared to request that certain donations be made the department out of the town's treasury.

A number of bills were presented and ordered paid.

Several complaints on the part of citizens with regard to a reduction in certain licenses were considered, but it was not deemed advisable by the Mayor and aldermen to undertake any changes in the license schedule at this time.

The meeting adjourned at 11 o'clock.

Another Victory for Wilson.

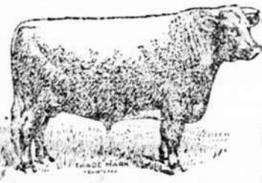

Washington, March 7:—President Wilson today completely and decisively won his long and sensational fight to compel Congress to acknowledge that it stands behind him in the submarine negotiations with Germany.

To the rallying cries of "Stand by the President" and "Is it Lansing and Wilson, or Von Bernstorff and the Kaiser," a big Democratic majority, and over half of the Republicans in the House, three times rolled up overwhelming votes against the movement to warn Americans of the armed merchantmen of the European belligerents.

From the very outset of the fight today the President's supporters, without regard to party, swept over the opposition.

Novelty From War Zone.

The Louverne Ladies' Brass Band, who are traveling this season with the Billy "Single" Clifford Company, playing "Walk This Way," are made up of all French women whose headquarters are at Paris, France. The ladies have been playing for years in their native country, but owing to the dreadful war, they were secured by Mr Clifford's foreign agent, and everywhere they have been heard they have been a big feature for the show. At Spokane, Washington, they headed one section of the great Labor Day parade and received rounds of applause over the whole line of march. The ladies parade the principal streets at 3:30, and play a concert following the parade. They also play again in the evening in front of the theater. There are fourteen buxom French maidens who complete the make-up, and they double into the Imperial Orchestra, which is not only a treat in itself but also assures patrons their full money's worth. Musically, the Clifford Show this year is the greatest attraction of its kind traveling, and the laughing principles are more abundant than ever. "Walk This Way" at Thomas Opera House on Friday evening, March 10.

Red Steer Brands

WHO HAS
THE GOODS?

SWIFT

It is common gossip in the South that SWIFT are the only people who can deliver 50% of last year's tonnage. We declined large profits from powder manufacturers and reserved our materials for our Southern Fertilizer Trade. We did this, believing that we will be repaid by well satisfied customers for having held our Sulphuric Acid, Acid Phosphate and Potash for our regular fertilizer business.

We have the goods all stacked up in fine, dry, well cured condition with a shipping organization ready to give the famous *Swift Service*. Contracting is on with a rush and the indications point surely to a fertilizer demand in the South far in excess of the fertilizers available.

We advise every dealer and every farmer to place his orders for the earliest possible shipment he can take so as to be sure to get his fertilizer requirements. Buy Swift's and take no chance and get in your shipping orders now.

We Are Ready With the Best Fertilizer in the South.

**THIS SORT OF BANK
PAYS NO
INTEREST!**

SOME folks are still so out of date—or, to put it more frankly, so FOOLISH—as to hide their savings in an old teapot, or an old stocking, or under the carpet, or in some other secret place. They seem to think a bank is MYSTERIOUS or COMPLEX or UNSAFE. This sort of notion is, of course, way BEHIND THE TIMES. Deposits in this bank are SAFE, and they GROW. This bank is under GOVERNMENTAL supervision.
